

DOCTORAL PROGRAMS – XXXII CYCLE, ACADEMIC YEAR 2016-2017
CALL FOR APPLICATIONS

ART. 1 – CALL FOR APPLICATIONS

1.1 The University of Verona opens the public selection for the admission to Ph.D. Programs, XXXII cycle, Academic Year 2016-2017.

GRADUATE SCHOOL FOR HEALTH AND LIFE SCIENCES		Places with scholarship	Places without scholarship
Ph.D. programs	Inflammation, Immunity and Cancer	8	-
Ph.D. programs	Biomolecular Medicine	7	-
Ph.D. programs	Neuroscience, Psychological and Psychiatric Sciences	9	2
Ph.D. programs	Applied Life and Health Sciences	6	-
Ph.D. programs	Clinical and Experimental Biomedical Sciences	8	-
Ph.D. programs	Cardiovascular Sciences	5	-
Total		43	2
GRADUATE SCHOOL FOR LEGAL AND ECONOMIC SCIENCES			
Ph.D. programs	Economics and Management	5	1
Ph.D. programs	European and International Legal Studies	5	1
Total		10	2
GRADUATE SCHOOL OF NATURAL AND ENGINEERING SCIENCES			
Ph.D. programs	Biotechnology	12	1
Ph.D. programs	Computer Science	11	-
Ph.D. programs	Nanosciences and Advanced Technologies	5	1
Total		28	2
GRADUATE SCHOOL FOR THE HUMANITIES			
Ph.D. programs	Modern Foreign Languages, Literatures and Cultures	7	1
Ph.D. programs	Human Sciences	9	2
Ph.D. programs	Philology, Literature and Linguistics	5	1
Total		21	4

- 1.2 For each Ph.D. Program, candidates can find information regarding number of places and scholarships available, criteria for the evaluation of qualifications (if provided), dates for entrance examination sessions, possibility of choosing to take the exams in a foreign language and any other information in Attachment 1 “List of Contents and Detailed Tables”, published on the University’s Official Register (*Albo Ufficiale di Ateneo*) and on the following web sites: *Dottorati di Ricerca* (www.univr.it/phd), Ministry of Education, Universities and Research (MIUR), Euraxess and Gazzetta Ufficiale (*Official Gazette*).
- 1.3 Modifications, updates or integrations of the content of the present Call will be published exclusively on Dottorati di Ricerca’s web site (www.univr.it/phd).

Area Ricerca

Unità Dottorati di Ricerca Nazionali ed Internazionali

Via Giardino Giusti, 2 - 37129 Verona | T +39 045 8028608/8092

dottorati.ricerca@ateneo.univr.it

P. IVA 01541040232 | C.F. 93009870234

The number of scholarships and places may be increased in case of further financings coming from public or private bodies, Bando Vinci, ITN, Prin, it being understood that the deadline for submitting candidates' applications remains the same.

Failure to complete agreements with external bodies for financing scholarships, even if reported in the present Call (signed with an asterisk in the *Attachment 1 - "List of Contents and Detailed Tables"*), will imply a reduction of the total number of places with scholarship available.

- 1.4 Ph.D. Programs will be activated "*sub condicione*" in respect to the accreditation process provided by the Ministerial Decree of Education, University and Research no. 45 of 8 February 2013. In the event that a Ph.D. Program is not accredited, the relative entrance examinations will not take place, and interested candidates will be promptly informed.

The present Call constitutes notification to all intents and purposes. No personal written communication shall be provided to candidates, except as stated in 1.4.

ART. 2 – INSTITUTION AND IMPLEMENTATION OF DOCTORAL PROGRAMS

- 2.1 With Rector's Decree no. 514/2016 of 30/03/2016 have been activated the Ph.D. Programs of XXXII Cycle, Academic Year 2016-2017 with administrative base at Verona University. The PhD Programs of XXXII Cycle officially start on 1st October 2016.

- 2.2 Ph.D. Programs last at least three years ending with the doctoral thesis defence that shall take place not after the month of April of the solar year following the doctoral program conclusion.

The Doctor Research degree is conferred by the Rector after the conclusion of the doctoral program upon proposal of the Examination Panel and after passing the final PhD examination.

- 2.3 The issue of the official Diploma will be subordinated to the deposit and uploading of doctoral theses on Verona University Open Archive (IRIS) where they will be stored and consulted by public.

According to the national laws in force, Verona University will be responsible for the deposit of doctoral theses at the National Libraries of Rome and Florence.

ART. 3 – ADMISSION REQUIREMENTS

- 3.1 To apply for admission to Ph.D. Programs, candidates (regardless of age or nationality) must have a "Laurea Specialistica/Magistrale" or a "Laurea" Degree (of the old system before Reform no. 509/1999) issued by an Italian University.

Also candidates with a foreign Master's Degree (e.g. Master of Science or Master of Arts) or an equivalent Master of Science-level degree that would grant access to Ph.D. Programs in the country where it was conferred are entitled to apply.

- 3.2 Candidates who will qualify for their degree by October 31st, 2016 will be entitled to apply. In this case their participation will be considered "subject to confirmation" and they will be required to submit the degree certification or a self- certification to Area Ricerca – U.O. Dottorati di Ricerca Nazionali ed Internazionali not later than October 31st 2016 (in accordance with DPR n. 445 dated 28th December 2000 for EU citizens). Applications lacking this certification will not be considered.

- 3.3 Candidates who are already enrolled in a Ph.D. Program in Verona can attend, after passing the entrance exams and being usefully graded in the merit ranking, a different Ph.D. Program without scholarship, renouncing the previous Program and starting from the first year.

- 3.4 Candidates already in possession of a Ph.D. cannot be admitted to the entrance exams foreseen for any program with similar research topics to that of their PhD. Those who have already benefited from a PhD scholarship, regardless of place and year, cannot receive a second one.

All candidates are admitted to participate in the present Call “**subject to confirmation**”. Exclusion from the procedure, in case the aforementioned prerequisites are missing, may be imposed **at any time** with a justified measure, even after examination sessions.

ART. 4 – APPLICATIONS

4.1 Applications must be submitted exclusively online, through the appropriate service available at www.univr.it/applicationphd starting **from April 11th, 2016 and till May 20th, 2016, 2 p.m. (local time)**.

Applicants have to:

- connect to www.univr.it/applicationphd;
- register entering the information required;
- choose the Ph.D. program of interest;
- fill in the on-line Application Form providing the information required and needed for the participation in the selection.

Candidates can find instructions for the submission of on-line Applications in specific “Guidelines” available at www.univr.it/phd.

4.2 After the conclusion of the on-line procedure, the Application Form must be printed, properly signed and submitted, together with the documentation required by Attachment 1, by e-mail not later than the Call deadline set for **May 20th, 2016**. All documents must be submitted in **pdf format**.

The above mentioned documentation must be submitted **EXCLUSIVELY** to the email address phd.selection@ateneo.univr.it from the candidate’s personal e-mail address (whose format should be, if possible, name.surname@provider or a denomination that permits to easily identify the sender) **nickname excluded** and with the following object: “*Application for the PhD Program in, Candidate’s name and surname*”.

Each e-mail shall not exceed 9 MB, attachments included. In case of exceeding of the limit, the system sends an automatic message of error that could be received by the sender also some days after the transmission of the above mentioned e-mail. It is candidates’ responsibility to check the presence of these messages which could be identified as spam by the system.

If necessary, candidates can send more than one e-mail. In that case the subject shall be the same and each e-mail shall be numbered as follows:

- Subject: Application for the PhD Program in Economics (Candidate XY) - 1 of 2
- Subject: Application for the PhD Program in Economics (Candidate XY) - 2 of 2.
- Etc ...

For technical problems please send an e-mail to phd.support@ateneo.univr.it; for information or clarifications about the Call, please send an e-mail to dottorati.ricerca@ateneo.univr.it

4.3 Candidates are highly recommended not to wait until the last moment to submit their application and complete the Application Form in advance respect to the deadline.

It is the candidates’ responsibility to check that the procedure is correctly accomplished; there will not be accepted complaints related to software malfunction near the deadline due to technical problems, overloading of the communication and/or applicative systems, nor to the loss of communications due to incorrect or missing address or late notification of change of address relative to the one indicated by the candidate on the Application Form, nor to possible misunderstandings and problems caused by third parties, fortuitous case or force majeure.

Incomplete applications lacking of data and/or mandatory attachments will not be considered. Integrations after the deadline will not be accepted, with the only exception for the

documents expressly required by the Ph.D. Office. Applications lacking of signature and/or identification document will be considered null and void.

- 4.4 Candidates can apply for more than one PhD Program. To this aim they will have to fill in an on-line Application Form for each program of interest and send them together with the specific documentation required by Attachment 1. Each application shall be accompanied by the specific documents required by the program concerned.
- 4.5 The documentation must be in Italian, English, French or Spanish, or translated into one of the aforementioned languages by the candidate on his/her own responsibility.
- 4.6 The list of applications submitted on-line will be published soon after the closing of the on-line procedure and before the selections on the university website www.univr.it/phd and at the web page of each PhD Program.
Applicants are kindly invited to verify their data and inform as soon as possible the **PhD Office** in case of anomalies exclusively by email to dottorati.ricerca@ateneo.univr.it.

ART. 5 – INSTRUCTIONS FOR CANDIDATES WITH FOREIGN DEGREES

- 5.1 Candidates with a foreign degree must attach to the Application Form the following documentation, in .pdf. format, in order to prove that their degree is equivalent to the Italian Laurea Magistrale/Specialistica, grants access to Ph.D. Programs in the country where it was conferred and in order to permit the competent Office to verify the suitability and veracity of their qualification as well as the coherence of their education path:
- Diploma of Bachelor (Bachelor of Art/Science), with final score and exact denomination of the degree, supported by a certificate with a full list of the exams taken, their grades and the academic grading scale (Transcript of Records);
 - Diploma of Master (Master of Science or Master of Arts) with final score and exact denomination of the degree, supported by a certificate with a full list of the exams taken, their grades and the academic grading scale (Transcript of Records);
 - Graduation Thesis or abstract;
 - nr. 2 introductory letters written by Professors or Academic Specialists from the University that bestowed the title (in Italian or English);
 - Diploma Supplement (if available);
 - Curriculum Vitae;
 - Any other documents that certify and allow to evaluate the academic qualifications possessed by the candidate in addition to the specific documents requested in Attachment 1.

The official documents listed above and attached to the application can be in Italian, English, French or Spanish. If they are written in a different language, candidates must attach a legal translation in either Italian or English.

- 5.2 If the academic qualification has already been declared as an equivalent to an Italian degree, the candidate must specify the Italian University and the number of the Rector's Decree that declared the degree to be equivalent. If the qualification awarded abroad has not been recognized, a standard procedure of verification of the degrees will begin, with the only purpose of fulfilling the application for the Ph.D. Program and on the basis of the documentation listed in paragraph 5.1.
- 5.3 In addition to the above listed documents, the candidate could be asked to submit further documentation that certifies his/her degree.

ART. 6 – ENTRANCE EXAMINATION, CANDIDATES' EVALUATION AND SELECTION

- 6.1 The entrance examination consists of a selection procedure intended to ascertain candidates' knowledge and aptitudes for academic research.

- 6.2 Details on the selection procedure and criteria for the candidates' evaluation can be found in *Attachment 1 – “List of Contents and Detailed Tables”*, that is an essential part of the present Call.
- 6.3 Candidates with disabilities or Specific Learning Difficulties (or SpLDs), have to make, filling in the specific section in the on-line Application Form, explicit reference to the type of disability they suffer from in order to ask for necessary assistance and, if needed, for extra time for the examinations, as provided by the Italian Law no. 104/1992 and its integrations. The expression “*candidates with disabilities*” refers to blind candidates (suffering from a total blindness or with a remaining vision of no more than 1/10 in both eyes); deaf candidates (who were born with a hearing loss or whose hearing loss occurred before they began to speak); candidates suffering from a legal disability up to or exceeding 66%; candidates with a certificate of disability issued in accordance with the Law 104/92. The above mentioned disabilities have to be certified by the competent health Authorities. The expression “*candidates with Specific Learning Difficulties (or SpLDs)*” refers to candidates with a diagnosis of dyslexia, dysgraphia, dyscalculia, dysorthographia. These pathologies will have to be supported by a specific clinical certification, issued by the Italian National Health Services or medical practitioners not earlier than three years before. 30% extra time will be granted to candidates afflicted with dyslexia certified in accordance with the Law no. 170/2010. Such medical certifications must be submitted before the Call deadline, to the Centro Servizi per Studenti Disabili of Verona University, located in Via S. Francesco no. 2, Verona, ph. 0039 045 8028786, Opening time: Mondays to Fridays from 10.00 a.m. to 1.00 p.m. e-mail: centro.disabili@ateneo.univr.it. In case of documentation arrived after the Call deadline, the provision of the needed aids will not be guaranteed.
- 6.4 In order to participate in the written and/or oral examination, applicants must appear before the Entrance Examination Panel according to the instructions reported in *Attachment 1 – “List of Contents and Detailed Tables”*, at the indicated place and date. Candidates will be also asked to provide and show the same valid ID (passport, identity card, driving license) submitted with the Application Form. They are not required to attend the evaluation of qualifications meetings.
- 6.5 A pass in the exam will be awarded only if a mark of at least 40/60 is attained. The evaluation of qualifications will be based on the documents sent by the candidates along with their Application Form, in accordance with the instructions reported on *Attachment 1 – “List of Contents and Detailed Tables”*, and the score will be added to the overall mark of the written and/or oral examination. If the qualifications score has not been specified in Attachment n. 1 the Entrance Examination Panel will decide the maximum score for each qualification required.
- 6.6 If expressly specified in *Attachment 1* of this Call, foreign and/or Italian candidates residing abroad can ask to take the oral examination by videoconference (through webcam), by ticking the appropriate option in the on-line Application Form. In this case, candidates must specify their own registered contact/name (ID) (for example: Skype; Adobe Connect) where to be contacted for the interview and guarantee the use of a web-cam that allows their identification by the Entrance Examination Panel. Please, refer to the relevant PhD program details reported in Attachment 1 to find out whether the oral examination through videoconference is allowed or not.
- 6.7 No information and/or communication about results of the entrance examinations will be provided to applicants. The official merit rankings, approved by Rector's Decree, will be published and displayed on the University's Official Register (*Albo Ufficiale dell'Ateneo*), on www.univr.it/phd and on each PhD program web page.

The selection reports are available for public viewing, in accordance with law n. 241/1990 and subsequent changes and additions.

ART. 7 – ENTRANCE EXAMINATION PANEL

7.1 The Examination Panels for the entrance examination shall be comprised of three members of the Teaching Committee, put forward by the Committee and officialised by the Rector. The Examination Panel may, without going through University Central Administration, be complemented by a maximum of two experts, who may be foreign, selected from companies or public or private research entities. The nomination of such experts is compulsory if an agreement has already been established. The Examination Panel shall elect its own Chair and Secretary. The Rector's Decrees with the Entrance Examination Panels' composition will be published on www.univr.it/phd by May 15th 2016.

ART. 8 – ADMISSION TO THE PH.D. PROGRAMS

8.1 Successful candidates shall be admitted to the PhD Programs in order of rank until the available positions have been filled. If a candidate who has been admitted renounces his/her place within the first three months from the beginning of the program, the next applicant on the ranking list shall be admitted. Should a candidate be on more than one admission ranking, he/she must opt for only one Ph.D. Program.

8.2 If, after the process of evaluating qualifications and exam results, two or more candidates have the same score, the youngest will have priority, in accordance with art. 3, paragraph 7 of the Law 127/97 as subsequently modified by art. 2 of the Law 191 dated 16/06/1998.

8.3 Winners of the selections will have to submit on-line their enrolment form (available at www.univr.it/enrolmentphd) so as to register for the Ph.D. Program, **within fifteen days after the publication of the final merit rankings; otherwise the candidate will be excluded.**

8.4 Should a candidate not enrol within the period stated for each PhD Program, the University will consider him/her as having given up his/her place (with or without scholarship), and this place will be assigned to the candidate who comes immediately after him/her on the merit ranking. This candidate will be informed by e-mail and, within five days from receiving it, he/she will have to enrol by submitting the required documents and following the procedure described in point 8.3.

8.5 In case of false statements, the candidate will automatically lose his/her place and sanctions will be imposed according to the Penal Code and other relative laws (art. 75 e 76 Pres. Decree. 445/2000). The University Administration will withdraw any benefit conceded to the candidate (such as a scholarship and tax concessions) and will not reimburse any of the fees paid. False declarations will also lead to possible legal action by the interested parties.

ART. 9 – PH.D PROGRAMS AND MEDICAL POSTGRADUATE SPECIALIZATION PROGRAMS

9.1 Students enrolled in the last year of a Postgraduate Specialization Program run by Verona University can be admitted to participate in the entrance examination for the access to PhD Programs.

9.2 At the moment of their enrolment, the above mentioned students will have to provide the following documentation:

- "Nulla Osta" undersigned by the Director of the Postgraduate Specialization Program, certifying that the joint attendance has been declared as compatible and authorized by the Postgraduate Specialization Program Council.

- a declaration written and undersigned by the student attesting his/her commitment to carry out the research activity in accordance with the instructions received by the Ph.D. Teaching Committee.

9.3 Due to incompatibility between the remuneration for the specialization and the doctoral

scholarship, during the period of joint attendance, the student will not receive the latter. The instalments not paid to the student will be used by the University Administration in order to fund new doctoral scholarships.

- 9.4 The procedure reported above is valid and effective until the eventual modification of what established by art. 7 of Ministerial Decree no. 45 of 8 February 2013 (Connection between PhD Programs and Medical Postgraduate Specialization Programs).

ART. 10 – PH.D. STUDENTS’ RIGHTS, OBLIGATIONS AND INCOMPATIBILITIES

- 10.1 PhD students’ rights, obligations and incompatibilities are regulated by articles 16, 17, 18 of the [University of Verona PhD Regulations](#), issued with Rector’s Decree no. 1482/2013 of 17th June 2013.
- 10.2 Winners of a scholarship funded by Banca Popolare di Verona are invited to open a current account at the financing institution.

ART. 11 – SCHOLARSHIPS

- 11.1 Scholarships are bestowed according to an evaluation of comparative merit, in order of the respective merit ranking.
- In the total number of scholarships assigned by the University, 20 scholarships will be funded by “**Fondazione Cariverona**”, 3 scholarships will be funded by “**Banca Popolare di Verona**”, as well as several scholarships will be funded by private or public entities or by the departments of the Verona University.
- 11.2 The amount granted for a scholarship is € 13.638,47 per year (gross) and will be increased in situations stipulated by law. The scholarship is exempt from IRE (personal income tax).

Scholarships are bestowed for the entire duration of the Ph.D. program (three years – 36 months) and instalments are monthly paid. The first instalment of October 2016 will be paid at the end of the same month **ONLY IF by the deadline set for September 25th, 2016**, students will have been correctly enrolled in the programmes and will have submitted all the necessary documentation required. Otherwise at the end of November a two-month instalment will be paid.

The scholarship will be increased of 50% during authorized study periods abroad. Should the student be suspended or excluded from the Doctoral Program, the scholarship will be granted just for the period in which he/she attended it.

Scholarships have an annual duration and are renewed on the condition that the PhD student has completed all the activities intended for that year, as attested by the Teaching Committee.

From the second year, each PhD student with or without scholarship, must be guaranteed a research budget of not less than 10% of the annual scholarship amount, equal to € 1.363,84 per year, in order to support his/her research activity in Italy and abroad.

- 11.3 Scholarships cannot be accumulated with other scholarships, except those granted by national or foreign institutions that allow the student to conduct PhD research abroad.
- 11.4 Ph.D. students who are not scholarship recipients, but fulfil the income requirements foreseen by the laws in force may apply, within 30 days from the publication of the merit rankings, for a regional scholarship in accordance with the “*Bando di concorso per l’assegnazione delle borse di studio regionali A.A. 2016/2017*” available at: Studenti→Diritto allo Studio→Borse di Studio D.Lgs. 68/2012 [or at the present link](#).

ART. 12 – FEES AND CONTRIBUTIONS PAYABLE IN ORDER TO ACCESS AND ATTEND PROGRAMS

- 12.1 Students registered in the academic year 2016 - 2017 must pay fees and contributions on

the University bank account, following the instructions at www.univr.it/phd.

Both **students with and without a scholarship** must carry out a single payment of € **396,14**, made up of 208,18 for Tuition Fees, about € 165,00 for Regional Tax Study Rights (amount in phase of definition by the Veneto Region), € 6,96 for Accident Insurance, and € 16,00 for Stamp Duty, using virtual stamping system.

- 12.2 Students not benefiting from a scholarship but in line with income requirements, can request a reduction in tuition fees by following the instructions published in the Rector's Decree at: www.univr.it/benefici.

Students with the following requisites are exempt from the payment of tuition fees:

- a) students with a legal disability up to or exceeding 66% certified by the competent health Authorities as provided by Law 104/92;
- b) students benefiting from an Italian Government's scholarship (for foreign students, the current application process can be seen on the website of *Ministero degli Affari Esteri*, at: www.esteri.it);
- c) winners of a regional scholarship.

ART. 13 – IPR

- 13.1 The intellectual and industrial property rights over any results achieved by the PhD student, including but not limited to software, industrial inventions that may or may not be patentable, know-how, models, data and data collections, are governed in compliance with current regulations/statutory law and the University regulations and, where applicable, according to the specific agreements signed with Universities, Enterprises/Businesses or other Bodies involved.

- 13.2 The PhD candidate, in any case, undertakes to promptly notify the Coordinator of the achievement of any results, undertaking not to disclose them or use them without the prior authorization of the University. In case of collaboration with research groups, the PhD student undertakes to sign a specific commitment for the recognition of intellectual property rights maintaining the utmost confidentiality over all reserved information, data, and documents he/she may come into the possession of during the performance of his/her activities at and/or on behalf of the University.

- 13.3 The PhD student is, in any case, guaranteed the possibility to undertake all normal publication activities provided by the research and study program, which shall be planned compatibly with the need to protect any possible results.

ART. 14 – CONFIDENTIALITY

- 14.1 The University Administration, in accordance with the Italian Law 196/2003 ("Codice in materia di protezione dei dati personali") commits to use the personal information provided by the applicants/candidates only for implementing the selection process and for institutional purposes.

- 14.2 In accordance with the above mentioned rules, the participation in the selection process implies the applicant's consent to the use by Verona University of both personal data and information about the examination results.

ART. 15 – FINAL REGULATIONS

- 15.1 All matters not included in the present Call will be governed by the University regulations in force on PhD programmes "*Regolamento dei Dottorati di Ricerca presso l'Università di Verona*" ([University of Verona PhD Regulations](http://www.univr.it/phd)) and by the relevant national laws.

Further information can be requested directly to the *Area Ricerca – U.O. Dottorati di Ricerca Nazionali e Internazionali Via Giardino Giusti 2* (public opening hours: Monday, Wednesday and Friday from 10.00 a.m. to 1.00 p.m.) tel. 00 39 045 8028078/ 8092/ 8608, e-mail: dottorati.ricerca@ateneo.univr.it that will also be available at: www.univr.it/phd.

The official and legally binding Call is the Italian one available at www.univr.it/dottorati.
This translation cannot be used for legal purposes and is only meant to provide information in English on the call for applications.
In case of incongruity, please refer to the Italian version of the present call as the official one.

GRADUATE SCHOOL FOR HEALTH AND LIFE SCIENCES			
Ph.D. program in Inflammation, Immunity and Cancer - XXXII Cycle - A.Y. 2016/2017			
Coordinator: Professor Gabriela Constantin
