

# Integrating Mental Health into Primary Care: The Nigerian Experience

**Jibril Abdulmalik**

*University of Ibadan, Nigeria, Africa*

SCUOLA DI SPECIALIZZAZIONE IN PSICHIATRIA  
UNIVERSITÀ DI VERONA

## Lecture: “Integrating Mental Health into Primary Care: The Nigerian Experience” **Jibril Abdulmalik**

This lecture will describe the process, challenges and lessons learnt from research in a low and middle income setting towards improving mental health access via task-shifting.

Dr. Jibril Abdulmalik is a Psychiatrist and Senior Lecturer with the Department of Psychiatry, University of Ibadan, Nigeria. His research interest is in the field of Public Mental Health; with a focus on the successful integration of mental health into primary care, mental health advocacy and stigma reduction. He has published 58 peer-reviewed articles and is currently working with Prof Corrado Barbui and team to gain expertise on Systematic Reviews around topics of relevance to Mental Health Services in Low and Middle Income Settings.
